THIS IS UNEVALUATED INFORMATION

50X1-HUM

1. Some of the German staff of the recently dissolved Bureau No. 21 of the Scientific Technical Department of the Ministry of Electro Industry, Dresden W 30, Overbeckstrasse 48, on the premises of the firm Koch & Sterzel, have now joined the AEG Fabriken für Transformatoren und Hochspannungsschalter VEB, Berlin-Überschöneweide, Wilhelminenhofstrasse 83-85. Among them is Herr Schejskal, (also spelled Steyskal), former chief of Bureau No. 21, who is now in charge of the transformer test stand at the TRO. He is a successor to Herr Löbner who is retired but still works as a consultant at TRO. Dr. Arnold, formerly from Bureau No. 21, is with TRO also. Herr M. Cholowa, chief of the Transformer Calculation Bureau of the TRO.

2. The three million volt transformer installation designed by the German staff of Bureau No. 21, among them Herr Steyskal, and constructed by Koch & Sterzel, now called VEM Transformatoren und Roentgenwerk, Dresden VEB, was sent to Leningrad.

Comment:

Comment: [redacted] the AMG Transformer
Factory is to produce electrical equipment for Wismut AG to be delivered in
1950.
